

On March 13th, 2024 Mrs. Beifong was found dead in an alley with a bullet through her head. The police closed the case as a suicide as there were no signs of struggle and a note was found... but I, Detective Vega, can't be fooled as easily. I know she was murdered, I know there is no way she would have killed herself. The only question that remains is Who Dunnit?

---

Help Detective Vega solve the case of Who Dunnit? You will go through various scenes to find clues in order to eliminate suspects. Make sure to keep your eyes peeled for the three clues in every scene that may help you determine the murderer. You never know what might lead you to the truth.
